Research is borderless when we *Et al.*

Collaboration platform for Academic Researchers
with the tools they need in one place.

Ideas are universal, access is not.

Et al. helps you achieve infinite possibilities to do what you love, wherever you might be and whatever your circumstance. Leverage the power of community to get the access you require.

When we et al, we achieve more

Et al. is built with researchers in mind. Collaborate and manage your collaborations with subject experts from anywhere.

Your research collaboration tools on one platform

Et al. promotes seamless cross-border research collaboration. Brainstorm ideas easily on [Board](#). Stay in the know and keep the conversation going with [Chat](#). Assign responsibility with [Task](#). Report and keep track of research/experiment outcomes with [ResearchNote](#). Share files and be on the same page with your collaborators with [CollabDoc](#). Plan your research with [Scheduler](#). Bring your collaborators together in a live conversation with [Meeting](#). With Et al. research just got borderless.

Discover

Share your thought, broadcast your work and discover other researchers' works and thoughts.
